

“Kazakh Universities To Quality Assurance Processes In Technology Enhanced Learning” (KUTEL) is a three-year project co-funded by the European Commission in the framework of the ERASMUS Plus Programme, Key Action 2: Cooperation for innovation and the exchange of good practices. The Project is carried out under the centralized activity “Capacity-building in the Field of Higher Education” /CBHE/- 2018.

The Project Consortium brings together 14 organisations: four are from European countries - Italy, Bulgaria, Finland and Greece – and ten are from a Central Asia country, namely Kazakhstan.

KUTEL specific objectives are:

1. Modernize and reform teaching methodologies through the introduction of a quality assurance (QA) framework in blended learning

2. Improve, develop/implement accreditation standards, guidelines and procedures for quality assurance of TEL study programs according to EU practices at Kazakhstan universities

3. Establish the framework to improve TEL quality assurance and e-learning methodology on HE institutional level in Kazakh universities

4. Provide training for Key actors of HE educational and public authorities responsible for accreditation/evaluation of TEL programs

KUTEL core objective is to promote reform and modernization of HE in Kazakhstan through the introduction of a national quality assurance system for technology-enhanced learning by guaranteeing the improvement and implementation of accreditation standards, guidelines/procedures for quality assurance of TEL courses and study programs at a national level.

ERASMUS + CBHE Project "Kazakh Universities to foster quality assurance processes in Technology Enhanced Learning"/KUTEL/ Project No 598377-EPP-1-2018-1-IT-EPPKA2-CBHE-SP
